

Faster, Safer Healthcare Facility Access for Vendors **Vendormate Kiosk**

9k+ Healthcare Facilities have Chosen GHX Vendormate for Vendor Credentialing and Facility Access Control

The GHX Vendormate kiosk makes vendor management easier, safer and more efficient than ever before. Streamline access, remove process friction and create safer spaces.

Say Hello to Self-Serve Check-Ins and Facility Access

- QR code technology for touchless self-serve badging.
- Integrated camera and thermometer for a one-stop access point.
- Infection control protocols, policy acknowledgments and wellness declarations.
- Remote kiosk management to monitor, troubleshoot and access repair services.

A Digital Solution for Vendor Management

GHX Vendormate is an industry leader and provider choice for healthcare facilities access and credentialing services. For nearly two decades, we've been committed to continuous improvement and reducing healthcare check-in process friction.

Streamlined Vendor Check-Ins

The Vendormate kiosk seamlessly integrates with the Vendormate mobile app for touchless check-ins in just a few easy steps:

- 1 Vendor Reps open the Vendormate app on their mobile device and scan the QR code
- 2 Reps complete a temperature scan (if enabled)
- 3 The photo badge is printed
